A decorative set consisting of four 20th-century tapestries, in the style of Jean Lurçat, featuring a rich floral and symbolic design. The composition, lush and symmetrical, stands out for its vivid colors and rich symbolism, offering a beautiful balance between botanical exuberance and 20th-century decorative aesthetics. The pieces are edged with blue fringe and lined with golden-yellow cotton. The set consists of two curtain panels complete with their hanging system, a very large valance, and a fourth tapestry element, which could serve as a door-top panel.
