3 836 EUR

Period : 19th century

Condition : En l'etat

Description

9ct yellow gold Albert watch chain configured as a 16-inch choker-style necklace. The piece features a trombone link structure consisting of alternating elongated rectangular bars and circular interlocking connecting links. The hardware includes a functional swivel dog-clip clasp at 1 end and a wide bolt ring clasp at the opposite side. The total weight of the solid metal chain is 46.2 grams. One of the elongated links displays stamped hallmarks consisting of a numerical 9 alongside the 375 purity mark, indicating solid 9-carat gold content. The metal surface features a polished yellow gold finish across all links and clasps, displaying historical wear patterns consistent with age.
