sophisticated palette of natural ornamental materials, including deep blue lapis lazuli, beautifully banded green malachite, luminous iridescent mother-of-pearl, and warm reddish-orange carnelian. The hardstone discs are visible from both sides, allowing the necklace to retain its decorative impact regardless of how it falls when worn. The generous 40-inch length makes this an exceptionally versatile piece. It may be worn as a dramatic single long sautoir or styled in different ways to complement both evening and daytime jewellery. The necklace incorporates a discreet integrated clasp, preserving the uninterrupted appearance of the chain. The connection ring is engraved with the individual serial number FKV666 and bears the "Au750" gold purity mark together with the maker's registration mark, confirming its 18-karat gold construction. A particularly elegant example of Bulgari's signature combination of precious metal, vivid hardstones and instantly recognisable graphic design, this substantial necklace has considerable presence while remaining exceptionally wearable.
