Description

Elegant silver electric doorbell button, adorned with translucent blue enamel on a guilloché background. The compact, ovoid-shaped body consists of two domed sections separated by a metal border. The upper section is topped by a raised, light-colored push button.The surface of the body is covered with a translucent enamel in an intense cobalt blue, clearly revealing the delicate guilloché pattern engraved beneath. The upper section features a regular lattice pattern formed by intersecting wavy lines, while the lower section is adorned with a more dynamic design composed of waves repeating in a regular rhythm. The contrast between the depth of the blue enamel, the silver elements, and the light-colored push button lends the object the decorative refinement characteristic of early
