Description

Welcome to my shop. An elegant Art Nouveau-style candleholder depicting a slender woman, her body arched backward and both arms raised toward the flower-shaped candle holder. Her long, wavy hair blends into the slender stem, while the flowing lines extend into a wide, asymmetrical base. The candlestick consists of three separately manufactured parts that were then assembled: a female figure in bronze, a base likely made of copper, and a floral candle holder that may also be copper. The entire piece was patinated after assembly, giving the various elements a harmonious brown finish. The underside bears the model number 3430. The manufacturer is unknown. Height: 28.5 cm. Base dimensions: 12.5 × 14.5 cm. Weight: 1,188 grams. Shows signs of use and localized wear on
