Description

A striking vintage 18ct yellow gold Ceylon sapphire solitaire ring, centred with an impressive cushion-cut blue sapphire weighing approximately 9.00 carats. The ring has a gross weight of approximately 4.2 grams and is UK finger size R½. The substantial cushion-cut sapphire displays an attractive light-to-medium blue colour with good transparency and visible natural internal characteristics. The large stone measures impressively on the finger and is secured within a finely constructed multi-prong raised collet setting. The sapphire is elevated above an attractive decorative openwork gallery, allowing light to enter the stone from beneath and emphasising its colour. The under-gallery displays a subtle bi-colour appearance, with the setting supported by a warm-toned gold base. The
