Description

Decorative mirror featuring facing birds - Silver-plated wood and lacquer - Art Deco style - 20th century An original and elegant decorative mirror made of silver-plated wood and lacquer, featuring a particularly refined composition in the spirit of Art Deco designs.The upper section is crowned by a large openwork pediment depicting two fantastical birds facing each other, with their wings spread wide and long, stylized tails.This carved silver-plated wood decoration creates a beautiful effect of relief and symmetry, giving the piece a majestic and particularly decorative silhouette.The rectangular mirror is surrounded by a wide frame with a speckled design in shades of turquoise blue, silvery gray, and white, accented by silver moldings and black lacquered borders.The combination of different materials
