Description

A vintage jewelry set crafted in 18-karat yellow gold, consisting of a matching ring and earrings. The sculptural design combines rounded forms, polished surfaces, and deep grooves, creating a look that is both bold and harmonious. The ring features a band adorned with parallel ridges that accentuate its relief and guide the shape toward the shoulders. A central row of brilliant-cut diamonds, in graduated sizes, illuminates the design and creates a refined contrast with the warmth of the gold. The earrings echo the same craftsmanship in an oval shape, defined by curved, overlapping bands. A tapered diagonal detail, embellished with diamonds of graduated sizes, runs across each earring and accentuates its movement. The diamonds have a total weight of approximately 0.55 ct for the entire set. A
