900 EUR

Period : 20th century

Condition : Bon état

Material : Marble

Height : 105

## Description

Pair of twisted light marble columns - 20th century - Height 105 cm An elegant pair of light marble columns, dating from the 20th century, featuring beautiful carved twisted decoration.Each column rests on a square base and features a cylindrical shaft carved in a spiral pattern, creating a remarkable sense of movement and depth.The upper section is crowned with a flared circular capital, perfect for displaying a sculpture, a bronze, a vase, or any other decorative object.Crafted from cream-beige marble with natural hues, these columns feature a beautiful polished finish that highlights the stone's delicate veining.Their slender silhouette, helical design, and harmonious proportions lend them a timeless elegance, in the spirit of classical architectural columns.This pair forms a beautiful
