Description

Six "Laurianetta" armchairs, designed by Afra and Tobia Scarpa and produced by B&B Italia in the 1980s, are a classic of 20th-century Italian design. The frame, made of steel tubing encased in polyurethane, ensures sturdiness and durability, while the cognac-colored leather upholstery adds a touch of timeless elegance. These armchairs are ideal for refined settings such as living rooms, studies, or lounge areas, combining functionality and design in perfect balance. The set, consisting of six pieces, stands out for its harmonious design and the quality of its materials, exemplifying B&B Italia's craftsmanship. MOSEPO0328300
