Period : 19th century

Condition : Etat d'usage

Material : Solid wood

Description

Authentic miniature Breton cabinet (hatbox / master's cabinet / doll's cabinet) made of solid wood (oak / walnut), dating from the late 19th century, around 1880-1900. A work of cabinetmaking of the utmost finesse: Fronts and sides entirely hand-carved with traditional motifs (openwork rosettes, stars, friezes of shells, and stylized leaves). The upper section is adorned with an elegant gallery of turned spindles. Original hinges with magnificent turned brass latch plates featuring pointed tips. Very beautiful, deep, natural antique patina. This miniature cabinet is an ideal collector's item for enthusiasts of Breton folk art, curio cabinets, or for displaying antique dolls. In good overall condition, with signs of use. The wood has naturally warped on the back (crack visible in photo #7), attesting to its age.
