Description

A magnificent 20-light chandelier in gilded bronze, richly adorned with Baccarat crystals, dating from the late 19th century or the very early 20th century, circa 1900-1910. Watch this video to see the chandelier and appreciate the splendor of its crystals and the finesse of its gilded bronze frame: [YouTube video link](#) Executed with exceptional craftsmanship, this chandelier features an elegant gilded bronze frame, composed of gracefully curved arms, volutes, and acanthus leaves. Its slender silhouette and balanced proportions give it a remarkable presence despite its relatively modest diameter for a 20-light fixture. It features a particularly rich array of cut crystals, including chains of octagons, drops, and pear-shaped crystals of various sizes, spearheads, prisms, and delicate

star-shaped elements. The molded crystal quarter-round basins, a characteristic design regularly produced by the Baccarat crystal factory, bear the Baccarat signature in block letters on some of them. These elements attest to the quality of the crystals used in its creation. The richly crafted upper section is adorned with garlands of crystals and star motifs that harmoniously complement the overall design. At the bottom, a large crystal finial, beautifully cut with olive and star patterns, completes the composition. This chandelier is a high-quality piece, both for the finesse of its frame and the richness and diversity of its crystal trim.

Restoration and Electrical Work: Originally designed for electric lighting, this chandelier has undergone a meticulous restoration in our workshop. Its electrical system has been completely redone, with Class I wiring, including grounding of the metal parts. This makes it suitable for installation in both private residences and public-access facilities (ERP), such as hotels, restaurants, or high-end establishments, provided the installation complies with the applicable requirements for the location. It is equipped with 20 LED bulbs, providing generous lighting while minimizing power consumption. The gilding shows some slight, localized wear consistent with the piece's age, without detracting from its overall aesthetic. The piece is in excellent condition and fully functional.

Dimensions and specifications: Height: 105 cm Diameter: 80 cm Lighting: 20 LED bulbs Electrical system: entirely new, Class I Period: late 19th - early 20th century, circa 1900-1910 Materials: gilded bronze and Baccarat crystal

Transport, delivery, and installation: Specializing in the restoration of chandeliers and works of art, our workshop has extensive experience in handling, transporting, and installing antique chandeliers of this significance. We can explore the various options for transportation, delivery, and installation in metropolitan France, taking into account the specific characteristics of each piece and its

destination. We invite you to contact us directly by phone or email so that we can work together to determine the best approach for your project. Please feel free to contact us for any additional requests, extra photographs, or a video presentation of the piece. We always respond to all messages; if you do not receive a reply, please check your junk mail or spam folder. You can also find a selection of our new arrivals and styling ideas on the workshop's Instagram: @lalchimiste.atelier.
