Description

Key DetailsType: coffee table.Materials: Chinese elm and woven rattan top.Finish: natural wood with traces of red lacquer.Period: late 19th century.Style: architectural and functional.Use: side table / coffee table.Condition: good overall condition, patina and wear consistent with its age.Dimensions: 68 × 68 × 51 cm.Antique Chinese coffee table, handcrafted from solid wood and featuring a hand-woven rattan top set into the frame. It rests on four curved saber-shaped legs ending in ball feet, which give it a balanced silhouette.The structure retains traces of old red lacquer, visible mainly in the protected areas, which add a touch of color and a patina consistent with its age. The piece remains clean and cohesive, with no visual alterations that detract from its character.The rattan on the top,

with its even weave, is taut and properly integrated into the frame. On the underside, the finish of the weaving reveals a construction method in which the frame is secured by sturdy knotted cords--a technique characteristic of this type of antique furniture that reinforces its artisanal character.Thanks to its proportions and character, it is particularly well-suited as a coffee table or side table, and fits equally well in both classic and contemporary interiors that value natural materials and pieces steeped in history.
