Description

Art Deco tiara bracelet in 18-karat gold, adorned with vintage diamonds cut in the brilliant and Dutch rose styles, set in silver. Jewelry inspired by tiara designs is generally characterized by curved lines, symmetrical ornamentation, small points, floral elements, and sparkling gemstones. These details evoke the sumptuous forms of crowns, while lending the jewelry a delicate and romantic allure. The tiara is not merely an ornamental headpiece: throughout history, it has become a symbol of rank, dignity, solemnity, and exceptional occasions. When this motif appears on a ring, bracelet, or necklace, the elegance of royal jewelry finds its way into everyday life. All of our jewelry is offered after being carefully inspected, professionally cleaned, and prepared for sale. In accordance with current regulations,
