subtle metallic highlights. The reverse, which is raw and heavily patinated, retains its original circular hanging mechanism. The appearance of the cast iron and the visible signs of wear attest to its age, though they do not allow for a precise determination of its date of manufacture. A characterful decorative piece, ideal for a cabinet of curiosities, a library, an office, or a collection focused on European history and the major political figures of the 19th century.For any questions, please call +33778337598
