Gold Ring Set With A Sapphire And Diamonds

4 000 EUR

Period : 20th century

Condition : Bon état

Width : 2

Height : 2.5

Depth : 0.2

Description

An elegant gold ring with a classic design, featuring a striking deep-blue sapphire weighing 3.00 carats as its centerpiece. The oval-cut stone is set in a prong setting and surrounded by a halo of twelve round brilliant-cut diamonds, creating a luminous and refined setting. The diamonds, with a total weight of 1.05 carats, color G-H, and clarity SI-I2, accentuate the depth of the sapphire's blue and add extra sparkle to the design. The openwork setting, clearly visible on the reverse, allows light to pass through the stones while lending the piece an air of lightness. The smooth, polished band elegantly balances the richly set centerpiece. The classic pairing of blue sapphire and colorless diamonds is one of the most iconic designs in high jewelry and retains a timeless elegance that transcends changing
