Description

Polychrome Geometric Design Armchair and Matching Side Table - Memphis Style - 20th Century An original set of designer furniture consisting of an armchair and a matching side table, featuring bold geometric shapes and vibrant colors.The armchair features an architectural structure made of electric blue-painted wood panels, paired with a bright yellow rectangular seat.Its backrest and armrests form an angular ensemble, characteristic of the aesthetic explorations of postmodern design.The side table echoes this geometric composition with a combination of red, black, and white, accented by two horizontal shelves at different heights.The set evokes the world of the Memphis movement, founded in Milan in 1981, whose creations are distinguished by their contrasting colors,
