Description

Pear-shaped Amethyst Ring with Diamonds and 18k White Gold
An 18k white gold ring featuring coiled bands set with diamonds. The coils hold a deep purple pear-shaped amethyst weighing approximately 7.30 carats. The pear-shaped setting follows the contours of the stone.
Features: Ring size: 51 (can be resized). Weight: 11.20 g. Metal: 18k white gold - 750/1000. Main stone: pear-shaped amethyst, approximately 7.30 cts. Condition: Good overall condition. A few minor scratches from wear, which are normal on a piece of jewelry that has been worn, but do not affect the stability of the stones or the appearance of the piece. The amethyst is a deep, even purple. It is very clean. One or two micro-scratches are visible under a loupe on the edges: these are common on a set
