Description

An elegant Belle Époque-style table lamp, crafted from porcelain and adorned with gilded bronze, executed in the artistic style of the Manufacture Nationale de Sèvres, whose aesthetic profoundly influenced French decorative arts in the late 19th century. The ovoid-shaped body is set against a deep cobalt blue background, characteristic of the Sèvres tradition, and features a central painted cartouche depicting a pastoral scene, executed with the remarkable finesse of a miniaturist. The floral garlands, delicate gold highlights, and ornamental border underscore the high quality of the decoration. The elegantly shaped gilded bronze base harmoniously complements the piece.
