Description

Dutch sideboard from the second half of the 19th century. This piece features two doors and a carved drawer, crafted from high-quality mahogany and mahogany burl. It boasts beautiful proportions, making it a versatile addition to various spaces within the home. The sideboard comes with a functional key; the wooden top shows some signs of wear consistent with its age (see photos). The top previously supported a hutch or superstructure--now missing--which left a recessed area at the rear (see photos). It is an attractive and functional piece, with an interior that includes one shelf in addition to the base. The exterior is adorned with high-quality, twisted half-columns along the front and sides (see photos). There is a small loss to the wooden
