Description

A cover to serve and cut the meat...A large fork and a large knife...The handles and fork are made of solid silver...The blade of the knife is made of steel...Controlled with the old punch 1st title..,That is 950/1000...Between 1819 and 1838...Goldsmith OLLIER in MARSEILLE - FRANCE...It is particularly rare the meat services of this time...One of the first times for me...!In very good condition...Just a small recess on the tip of the knife handle...And mini wear and tear...But it's not disturbing at all...In addition, that the fork is entirely made of solid silver, it is all the more rare...!No engraved initial...Weight ... 241 gr
