Description

Amoebe Armchair by Verner Panton for VitraThe center is made of textured laminate, covered with polyurethane foamThe chair is upholstered in orange fabricThe upholstery is removable and can be replaced or reattachedThe Amoeba chair was designed in 1970 in several versions for the famous installation "Visiona II"--a bold living space, both psychedelic and futuristic, which the legendary Danish architect and designer had exhibited on a boat during the Cologne Furniture FairDesigned as a low lounge chair, the Amoeba embodies the free-spirited design of the 1960sThe seat and backrest form a sculptural whole, and the organic shape is inspired--as its name suggests--by single-celled organismsThe chair's plush upholstery ensures excellent comfortIn good vintage condition; the fabric has faded in
