Description

Dimensions: 13 × 8.5 cm; diameter: 6 cm. A charming little perfume burner from Guerlain in Paris, made from gilded brass with partially silver-plated decoration. It consists of five parts: a small dish, an alcohol burner, a crucible resting on three curved legs, a blackened wooden side handle, and a lid openworked of a garland of laurel leaves. Rims are decorated with a frieze of water leaves. The set is complete and in good condition. The gilding shows some wear and a patina normal for its age. Reasonable price: enthusiasts know how much this type of object can pique collectors' interest, as evidenced by the result shown in the last photograph (Varennnes Enchères). Instant purchase: payment by credit card or PayPal. eclectic -- We are not experts, but we have been in this business for over 50
