Description

A reflection of an era when artists from around the world gathered in Paris, the Art Deco style will never cease to fascinate us. A symbol of an era when the boldest women took every liberty without asking for it, this style--at once elegant, breaking with the pompous decorative conventions of the past, and innovative in its forms and various expressions--reminds us of Kiki, the muse of all the Montparnasse painters, the wild nights at La Coupole, and the impact on a bourgeoisie suddenly awakened by frenzied music, with Joséphine as the ringleader. You'd have to be on the verge of succumbing not to give in to the allure of that era. If you regret not having lived through it... then this mirror is for you!! (Gilded hexagonal pediment adorned with fruit motifs and a silver-toned mirror, all in
