Marcel Béver - Art Deco Ceramic Sculptural Lamp - Circa 1930
Elegant Art Deco sculptural lamp in ivory-glazed ceramic, signed M. Béver Paris, dating from the 1920s-1930s. This refined composition depicts a nude female figure with slender, stylized lines, in the purest Art Deco spirit. The delicate modeling of the sculpture, combined with the geometric shapes of the base, reflects the elegance and modernity of interwar-era designs. The lamp is presented with a separate cream-colored cylindrical shade that harmonizes perfectly with the sculpture. Signature: M. BÉVER PARIS
