Vase With A Monkey -- Veracruz, Mexico, 2nd-9th Centuries

150 EUR

Period : Before 16th century

Condition : En l'etat

Material : Terracotta

Diameter : 9,7

Height : 7,7

Description

A small cylindrical terracotta vessel, decorated with a relief depiction of a monkey. The face, with prominent eyes and a raised mouth, stands out against a symmetrical composition. The light ochre surface features dark areas. Broken and glued back together.
