Description

A beautiful crystal lamp from Schneider France, dating from the 1960s, bearing the signature Schneider France on the base. The base consists of a solid piece of transparent crystal, hot-worked and shaped with pliers. This glasswork features irregular reliefs that catch and pleasantly diffuse the light. The lamp is topped with an anise green wire shade, chosen to complement the crystal's transparency. A fabric power cord in the same color completes the look. The electrical wiring has been completely refurbished in our workshop. The lamp is equipped with an LED bulb and is in perfect working order. The lampshade and fabric cord were selected specifically for this presentation. If their color or style does not suit the buyer's taste, we can offer other combinations upon request. A lovely, high-quality decorative
