Old Dental Drills

100 EUR

Period : 20th century

Condition : En l'etat

Description

Wooden box containing a set of antique dental burs and bits used in dentistry for the care or fabrication of dentures.It dates from the late 19th to early 20th century and belonged to François Roman, who practiced in Namur (Belgium).A note from the former dentist's son accompanies the box.The box itself is in good overall condition for its age (the hinges and closing latch are functional).Ideal for collectors of antique medical equipment.
