Description

A beautiful curiosity from the first half of the 19th century, this lovely round aquarium on a pedestal features, at its center, a blown-glass vase engraved with garlands of grapevines; A unique and incomparable centerpiece, this lovely Louis-Philippe-style piece, imbued with a distinct romanticism, is an original work of high quality. A masterful and unique piece of glassware that creates a beautiful and refined decoration: the combination of flowering plants and water, along with its aquatic world of divine goldfish. In very good condition and rare, this exquisite piece has everything to captivate with its beauty and originality.
