Description

This charming pair of frames in off-white and almond green, adorned with a pediment bow, pearl motifs, and ornaments typical of the "Marie-Antoinette" style, is perfect for creating a herbarium (in the spirit of the Petit Trianon) or framing delicate watercolors you've painted in your country home, which, over the years, is sure to take on the look of the cottage you've always dreamed of. For a bed-and-breakfast, a rural guesthouse, or an apartment with a bucolic decor, these refined yet "rustic-chic" frames will reveal your classic and refined taste to your guests. Family photos and other images will take center stage (including those of your favorite companion--dog or cat) in a setting that's both relaxed and refined. External dimensions: 45 cm x
