Description

Pair of gilded bronze candelabra, Louis XV styleAn elegant pair of gilded bronze candelabra, richly chased with foliage, acanthus leaves, and plant motifs.The finely crafted central shaft, animated by curved lines, branches out into several sinuous light arms delicately adorned with foliage scrolls. The corolla-shaped candle holders feature a fluted design. The dynamic, richly chiseled bases harmoniously extend the composition.A 19th-century piece in perfect condition with its original gilding.Height: 54 cm
