380 EUR

Period : 20th century

Condition : Très bon état

Description

Large champagne wine bowl, a pewter cooler decorated with a grapevine frieze in high relief, featuring two sturdy carrying rings, as the piece is heavy and of high quality. When pewter has a high silver content, it resembles a beautiful silver-colored metal (see photos). Given the weight of this bowl, the price is ex-gallery in Vichy. Very few minor scratches from use. This wine cooler likely dates from the first half of the 20th century. A very beautiful, practical, and spectacular object
