Description

Large ice bucket made of hammered solid silver, in a baluster shape resting on a circular, fluted pedestal with stepped tiers. The body features a cylindrical upper section with smooth walls, accented at its base by a circular band, extending into a rounded belly that gradually tapers toward the base. It is flanked by two rectangular side handles made of blackened wood, attached to vertical mounts. The circular lid, slightly domed and punctuated by a series of raised concentric circles, is topped by a cylindrical handle made of blackened wood, echoing the handles. Hand-hammered. Dimensions: Length with handles: 26 cm - Height: 34 cm
Diameter at the neck: 19.5 cm -
Base diameter: 17 cm Material: 830/1000 silver
French hallmark: SWAN on lid +
