## Description

Framed hairwork miniature, a "Souvenir" piece from the Second Empire period--Napoleon III, 19th century. The central motif consists of a bouquet of flowers arranged in a wicker basket, all protected by a domed glass cover.This hairwork piece is in good condition. A fine example of sentimental art from the period, these objects were generally given as tokens of love, fidelity, or family mementos (or in mourning).Please note: a few very minor imperfections, some scratches and very minor imperfections on the frame, signs of age; see photos.Frame: 12.5 cm x 12.5 cmDiameter: 6.5 cm (view)Reference: E60 1088All photos are available at:www.antiques-delaval.com
