Description

"Chair-a-bank" sofa designed by the renowned designer Mario Bellini for Cassina, dating back to the 1980s. This two-seater sofa stands out for its solid frame and foam padding, which ensures optimal comfort. The white fabric upholstery lends it a understated, timeless elegance, though there are a few small stains on the seat, as shown in the photos. Its clean lines and modular design make it a versatile choice for both modern and classic interiors. In excellent overall condition, it is a fine example of high-quality Italian design.MOSEDI0325459
