## Description

18th-Century Chest of Drawers from Central-Northern Italy in Inlaid Blonde WalnutAn elegant chest of drawers from Central-Northern Italy, dating from the first half of the 18th century.Crafted from light walnut, it features four spacious drawers, each embellished with refined inlays of delicate plant motifs and scrollwork, framed by dark moldings that create a pleasing color contrast with the warm tone of the wood.The piece retains its original, elegantly shaped bronze handles and features a well-proportioned structure, with a slightly projecting top and a molded base.An interesting example of 18th-century cabinetmaking from central-northern Italy, characterized by its understated lines and refined decoration.Period: first half of the 18th century, circa
