Description

A stunning Empire-style mirror for above a fireplace, crafted from walnut wood, featuring an elegant three-panel design punctuated by four ebonized half-columns with capitals finely decorated in gold leaf, and legs that echo the gilded leaf motif. The refined contrast between the warm grain of the walnut, the black of the columns, and the brilliance of the gilded details makes this an antique piece with great visual impact.Dimensions: 117 x 6 cm - Height 81 cm
