Description

English convex mirror from the Regency period, made around 1820.The round gilded wooden frame is adorned with a black molded inner rim and topped by a carved eagle with outstretched wings. The lower portion is decorated with a motif of acanthus leaves and trailing foliage.The mirror features two removable candle arms with gracefully turned forms and retains its original convex glass, which displays a characteristic patina on the reflective surface. In the early 19th century, this type of convex mirror was used to diffuse light and reflections throughout a room.Dimensions: 101H x 55W x 21DWith candle holders: 66W
