

18th-century Roman Scale

180 EUR

Period : 18th century

Condition : Très bon état

Material : Wrought iron

Length : 27 cm

Height : 25 cm

Description

Roman scales made of wrought iron and wood. These scales showcase beautiful blacksmithing work, in which the artisan did not simply settle for creating a practical object. Instead, he poured all his expertise into a number of details:- twisted iron for the hook- S-shaped rings for hanging the weights- faceted weights
