

Koro Incense Burner, Bronze Tripod - Japan, Meiji Period

500 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Description

A lovely Japanese incense burner made of bronze with a brown patina, dating from the Meiji period (1868-1912). Spherical in shape, it rests on three curved legs and features two handles with movable rings. The entire piece is adorned with an elegant relief design. The lid is topped with a seated Karako figure holding a traditional fan. Beautiful antique patina, signs of use. Height: 17 cm.
