

19th-century Yellow "ouraline" Opaline Baluster Vase

450 EUR

Period : 19th century

Condition : Parfait état

Material : Opale

Width : 13 cm

Height : 30 cm

Description

In a striking, luminous yellow-green color, here is a beautiful baluster vase with a flared neck, made of semi-transparent Ouraline, known as "rice grain." Note a small bubble dating from the melting and manufacturing process, which in no way affects the quality of this very beautiful vase. Shipping available in France and internationally--contact me for details
