Description

Provençal Louis XV walnut cabinet - 18th centurySuperb 18th-century Provençal walnut cabinet, featuring a beautiful antique patina and a lovely, warm hue.It opens with two molded, ornate doors, adorned with beautiful carved panels. The front is embellished with a fluted central post, as well as an elegant diamond-shaped carved motif on the upper crossbar. Also noteworthy is the charming heart-shaped cutout in the lower crossbar, a detail full of charm.It rests on slightly curved legs and features a beautiful, overhanging molded cornice.The interior offers ample storage space with shelves and a small drawer.A truly beautiful regional cabinet, representative of 18th-century Provençal furniture, with plenty of character and a striking decorative presence.Period: 18th
