Antique Traditional Ethnic Necklace From Central Asia Or The Himalayan/tibetan

140 EUR

Period : 20th century

Condition : Très bon état

Material : Silver metal

Description

An antique traditional ethnic necklace from Central Asia or the Himalayan/Tibetan region, made of silver-plated metal. It features a large central pendant in the shape of a leaf or shield, with wrought metal elements set with small colored stones (turquoise) and several strands of coral beads. In excellent condition, despite the absence of a few small stones.
