Description

Two-Part Display Cabinet in Carved Walnut - Renaissance Style - Late 19th Century A charming two-part wooden display cabinet with a warm patina, featuring elegant Renaissance-inspired carved decoration in the style of late 19th-century Henri II furniture.This piece stands out for its harmonious proportions, the delicacy of its carvings, and its interesting composition combining open and closed storage spaces.The upper section features a central display case with a glass door, flanked by two open side shelves, ideal for displaying porcelain, glassware, or collectibles.The piece is punctuated by slender turned columns and topped by a molded cornice, richly decorated with friezes of carved foliage.The lower section features two drawers running around the base, adorned with
