Description

Refined round coffee table, crafted from finely carved walnut and featuring a splendid red marble top with veining. The table features a molded frame carved with plant motifs, and three arched legs with volutes and geometric patterns, lending it a refined elegance. The marble top, with its elaborately worked edges, is in perfect condition. This table exudes great taste and class, adding a touch of sumptuousness and elegance to any setting. French manufacture from the Louis-Philippe period, around the mid-19th century.Dimensions: H x DM 79.5 x 105cm
