Odéon "shanghai" Lamp - La Rochère - Blown And Engraved Multilayer Glass, Asian Design

950 EUR

Period : 20th century

Condition : Très bon état

Material : Glass paste

Description

A magnificent "Shanghai" Odéon table lamp, produced by the renowned French glassworks La Rochère. Crafted from multi-layered blown and engraved glass, this lamp features a remarkable Asian-inspired panoramic design in rich shades of orange, amber, yellow, and deep brown. The mushroom-shaped shade reveals a refined landscape composed of mountains, pagodas, pine trees, bamboo, birds in flight, and scenes of life by the water. The design extends harmoniously onto the base, creating a continuous artistic composition of great elegance. The delicacy of the engraving, the layering of colors, and the play of light particularly highlight the richness of the details and the depth of the landscape. La Rochère signatures appear on the lampshade and the base.Dimensions:Height: 47 cmLampshade
