Octagonal Side Table, Louis XIII Renaissance Haute époque-style Living Room Coffee Table

780 EUR

Period : 20th century

Condition : Très bon état

Material : Oak

Diameter : 86 cm

Height : 87 cm

Description

An octagonal side table made of solid oak, featuring a drawer that slides out from the base; it rests on five baluster-shaped legs connected by a crossbar.In the Renaissance-Louis XIII style, this highly unusual table can also be used as a console table, a side table, or a pedestal capable of supporting a statue of considerable size and weight.This piece is very stable and exceptionally sturdy--a beautifully crafted artisanal piece from the mid-20th century.Dimensions:height 87 cmdiameter 86 cmPlease contact us for shipping costs via carrier.
