Fante Doll Ghana

8 500 EUR

Period : 20th century

Condition : Bon état

Material : Solid wood

Height : 32cm

Description

This is the finest Fante figure I acquired in 2011--and purchased again this year. It combines the sensuality of the body with an abstract treatment of the face, which features only a single, continuous brow arch positioned very low. The neck is adorned with delicate, fine beads--a rare example within the corpus of Fante figures. It was published in *I-Dolls* (2011) and has a provenance J.J. Lussier (Canada), Adrian Schlag, Cécile Kerner (2011), Joachim Knorpp (Germany).
