Large Molded Crystal Table Runner - Modular Planters - 19th Century

350 EUR

Period : 19th century

Condition : Très bon état

Material : Crystal

Description

A magnificent molded crystal table runner consisting of six separate pieces that can be arranged in various decorative patterns.This elegant set consists of rectangular planters and rounded pieces that, when assembled, form a large table runner.The colorless crystal features a molded geometric design, alternating between grid patterns, star motifs, and beaded borders. The intricately crafted relief creates a play of light and transparency.Designed to adorn large reception tables, this set allows you to fill the various planters with fresh flowers, foliage, or plant arrangements, creating a true miniature garden.The modular design, consisting of six pieces, allows the arrangement to be adapted to the needs and dimensions of the table.In good overall condition
