Bronze Mortar

800 EUR

Period : 17th century

Condition : Etat d'usage

Material : Bronze

Diameter : cm 11,7

Height : cm 8

Description

A cylindrical bronze mortar dating from the 17th century, accompanied by its original pestle. The object is distinguished by a dark patina; the body is adorned with a decorative band in relief depicting small portraits, while the upper and lower edges feature linear moldings with a simple design. Originally, this artifact served as a multipurpose tool, used in pharmaceutical and herbal contexts as well as in the home.
